

Planning for Sustainability Worksheet		
<b>1. WHAT are you working to sustain? What will success look like? What results are you trying to achieve?</b> <i>Common vision</i>	<b>YOUR BEST RESPONSE TO THIS QUESTION AT THIS POINT</b>	<b>NEXT STEPS? WHO WILL DO THEM? WHEN?</b>
What will success look like at the end of this project? What results are you trying to achieve?		
How will systems, providers and partners work and act differently? What is the anticipated culture change in how systems, providers and partners operate?		
What are the key components of the approach that you think will be necessary to achieve success?		
How are you currently thinking about sustaining these key components?		
<b>2. WHY sustain?</b> <i>Data and evaluation</i>	<b>YOUR BEST RESPONSE TO THIS QUESTION AT THIS POINT</b>	<b>NEXT STEPS? WHO WILL DO THEM? WHEN?</b>
What data do you need to collect and show in order for you to show an impact with families?		
What information do you need in order to adjust implementation as you go to maximize our impact?		
What is your current thinking about how best to communicate your results with key actors at the local and state level?		
<b>3. WHO do you need to collaborate with to sustain the work?</b> <i>Collaborations</i>	<b>YOUR BEST RESPONSE TO THIS QUESTION AT THIS POINT</b>	<b>NEXT STEPS? WHO WILL DO THEM? WHEN?</b>
Who are your key partners with whom you have current working relationships? Who is already engaged in the work and to what level? How do you intend to strengthen those existing collaborations?		

Which new partners would you like to build relationships with and engage as stakeholders? Who do you need to engage in the work for this to be a success? What are the challenges in engaging these partners (conflicting missions, administrative policies, etc.)?		
What current programs, initiatives and projects in the community complement your work? How?		
<b>4. HOW can you sustain the work? <i>Resources</i></b>	<b>YOUR BEST RESPONSE TO THIS QUESTION AT THIS POINT</b>	<b>NEXT STEPS? WHO WILL DO THEM? WHEN?</b>
What current services are available in the community to support the approach? What do partners bring to the table?		
What training resources are available for the development of new practitioners/providers and expansion of services?		
<b>5. HOW can you financially sustain the work and change in practice? <i>Financing strategies</i></b>	<b>YOUR BEST RESPONSE TO THIS QUESTION AT THIS POINT</b>	<b>NEXT STEPS? WHO WILL DO THEM? WHEN?</b>
How is the project currently being financed?		
What other state and local public agencies do you have commitments from and working relationships with?		
What are the other federal grants currently working in your jurisdiction?		
What private partners (foundations, universities, etc.) are providing or could be engaged to provide financial support?		
<b>6. HOW can you institutionalize the work and practice changes? <i>Policy, regulatory and legislative strategies</i></b>	<b>YOUR BEST RESPONSE TO THIS QUESTION AT THIS POINT</b>	<b>NEXT STEPS? WHO WILL DO THEM? WHEN?</b>
What state or local policies, regulations and legislation support the common vision or aspects of it?		

What state policies and programs need to be explored in order to be build resources for this work?		
Are there opportunities (policy windows) that are open or are likely to open in the next session?
